Sunday 22nd Nov 2020

Kangaroos, please colour me in and find out why I am wishing you “**Shabbat Shalom**” today.

Ignition, how many languages can you identify for “peace”?

“As time goes on...” The Israelites succumbed to the world around them. What added pressures and temptations come that distract you from walking with God wholeheartedly? What are you doing about it?

As Shalom conveys wholeness, fullness of life, peace, contentment, and harmony with God, is this how you would describe your life in God right now? Looking at our motto opposite, how can you bless and help and encourage someone else to live this fullness of life?
