Questions for our discipleship groups this week

What's the most helpful thing someone's said to you when you were discouraged?

Read Hebrews 12: 1-13.

What ways have you found helpful to 'fix our eyes on Jesus' and 'consider Him' when life is tough? How else might you do these things?

Think about v4. What sort of life does the person writing this letter think is normal?

This passage is, and is based on, a 'word of encouragement' (v5). Jot down all the encouragements you can find in it (see if you can find something in every verse!)

Why is it good to share in God's holiness?

How can your example in tough times help someone who's 'lame' (v13)?
