Luke 12:35-48 – Faithful & Wise Managers

Be ready (v.35-40)

Be faithful (v.41-46)

Be warned (v.47-48)

Questions to discuss in our Growth Groups and personal reflection

Be ready (v.35-40)

In the parable, how were the servants to be ready for their master's return (v.35-36)?

What reward would be given to the servants who were ready for him (v.37)?

Why did Jesus switch metaphors & describe a thief coming at night (v.39-40)?

What are the main things here that Jesus wants to tell us about his return?

How might we use all that we've been given (including our money & possessions) so that we'll be ready for Jesus' second coming?

Be faithful (v.41-46)

Who is the new character Jesus introduces in this parable and who is he referring to (v.42)?

What is the outcome for the faithful and wise manager?

But what is Jesus' chilling conclusion about those who have been unfaithful?
What do we make of this?

How should this parable prompt us in how to pray for Christian leaders?

Be warned (v.47-48)

What do these concluding words from Jesus tell us about:

- Levels of responsibility?
- Each person's accountability?
- Jesus' justice?
