

The purpose of life

Joy and Gospel Partnership

KOINONIA – FELLOWSHIP
PARTNERSHIP

Joy in life and death

Joy and humility

Joy from a heavenly approach to life on earth

Questions to discuss and pray through this week:

Has there been one particular thing that has struck you from Paul's letter about joy in Christ? A verse that stands out, something to memorise and keep close?

What encouragements have you found in this series?

What are the main challenges for you? What about for us as a church?

How does joy fade? How can we recover it?

How do you think God wants us to grow our joy as a church? How will we help each other to do this?

What are the big things about "Gospel partnership" in this letter that we can learn and put into practice?

Do you understand the change in our 'Membership' structure, which will become 'Partnership' in the new year? Do you have any questions or points to raise?
